

## **JOB OPENING: Coral Ecology Research Assistant**

### **Job Description**

This is a 1 year full-time research assistant position to work on a variety of coral ecology projects. This is an excellent opportunity to develop a wide range of coral ecology research skills and join a vibrant and welcoming lab.

**Location:** Fan Coral Lab, National Museum of Marine Biology and Aquarium (NMMBA), Pingtung, Taiwan.

**Salary:** 32,000 - ~~3742~~000 NT/month (depending on qualifications).

**Contract duration:** August 1<sup>st</sup> 2023-July 31<sup>st</sup> 2024 (start date is flexible)

### **Qualifications**

- BSc or MSc in Biology, Marine Biology, Environmental Science, or a related field of study
- Intermediate-level conversational English
- Taiwanese citizen, or non-Taiwanese citizen residing in Taiwan
- Experience with basic aquaculture skills (desired, but not required)
- Open water dive certification (desired, but not required)

### **Main Duties**

- Coral culture (adult, larvae, and recruits life stages)
- Aquaculture tank monitoring and maintenance
- Feeding corals
- Measuring physiological responses of corals (training will be provided)

### **How to Apply**

If you feel that this is of interest and that you meet the qualifications, we would be eager to hear from you!

Please send your resume (in English) to **Dr. Crystal McRae** at [crystal.j.mcrae@gmail.com](mailto:crystal.j.mcrae@gmail.com). Please use the email title 'Coral Ecology Research Assistant [your name]'.

References will only be requested if selected for an interview.
